WE'RE PROUD

...of the honors bestowed upon the Anvil Herald in the past few days. At the South Texas Press Association convention in Kerrville last week we won a second place certificate for column writing and two third places, one in editorial writing and one in feature pictures.

But Monday night we received the honor we are most proud of, being named an honorary member of the Hondo FFA chapter. This recognition by a group of local young people puts the icing on the cake as far as our efforts are concerned.

It means the Anvil Herald has accomplished a portion of its obligations to the public. This is the purpose for our being, to serve our community to the best of our abilities.

So, to the Hondo FFA members and John McAnelly and J.D. Schmidt, advisors, I would like to say an appreciative "Thank You" on behalf of the entire crew at the Anvil Herald. It was only through the efforts of each of our personnel that we could do the things that earned for us this award.

DON'T STEP ON TOES

...seems to be the attitude some people in Hondo take when it comes to enforcing the speed limit and other traffic laws in the City.

Mention the Police Department issuing a few more tickets for speeders (last month they issued 140 warning tickets) and some members of the City Council go frothy around the mouth. They even objected when Chief Jerry Williamson suggested that the Council Pass an ordinance making it unlawful to run stop signs at the railroad tracks. (Don't ask me why these signs are not included in the present stop sign ordinance; ask the City Council)

It seems a shame to have to pass an ordinance in order to help people save their lives. But as long as people try to beat the train, I guess they need help.

B.M. Flohr, SP superintendent, told the Council this month, "The thing that will make you sick is to ride an engine from San Antonio to Del Rio and see the many near misses caused by someone just having to get across the track."

Ask some of the business people along 18th street how many times they witness local people "rushing across just ahead of an oncoming train," and they will tell you "plenty."

And yet the Police cannot give them a ticket.

As for speeding--if I get a ticket tomorrow for speeding on Highway 90 or anywhere in town (as I should get if I am speeding) I am going to be mighty put out because I got stuck and some 140 other people were just warned. And I wouldn't blame any of those who get ticketed for feeling the same way.

I don't want any favors for any reason and I don't feel that anyone living in Hondo has any right to favors because of position, name, age, who their daddy is, friendship, who their mama is or for any other of the hundreds of reasons given local police when they do issue a ticket.

No wonder we have so many individuals and groups disobeying the laws of the land these days. We turn our heads so often to let a friend or relative ease past the law that we have a difficult time ever getting turned back in the right direction.

Important Museum meeting set Friday

Museum Celebration Day 1972 is only a few days away and final plans for the big fund-raising event will be detailed Friday night at a meeting in the Medina Electric Co-op building. Time 7:30 p.m.

"We need all members of the Museum Board plus a representative from each group that will participate in

the event," said the general chairman, Burnis Lawrence. "On the eve of this third Museum Celebration Day," the chairman said, "we feel we must appeal for help in the area of antiques and collectable items. The Auction is one of our biggest money makers and it cannot succeed without items. Surely, almost everyone has some old

item, furniture, bottles, wagon wheels, horse collars, etc. that can be donated for auction. Maybe you have a collection of some type. Will you miss one item for such a good cause?"

Other areas where the general public can help in advance include: purchase of Museum Buttons (\$1.00), purchase of Museum plates (\$4.00), purchase of Historical note sketches (\$1.00), purchase of tickets for Barbecue Chicken supper (\$1.50), donation of items for games booth.

"This Museum Celebration Day belongs to everyone," Lawrence said, "and from the items listed above, one can readily see that there are many avenues to take in helping make the fund-raising event a success."

Daylight Saving Time rears head early Sunday

For all the lovers of Daylight Saving Time Sunday is the day to begin enjoying it.

The exact time is 2 a.m. Sunday, April 30, but if one doesn't wish to stay awake that late the clock can be advanced one hour at bedtime Saturday night.

And if the Sandman has you confused at bedtime Saturday, just remember the rite saying: "Spring forward in the Spring, fall backward in the fall."

Happy DST and don't worry about falling backward until October!

Honorary farmers

Hondo FFA Chapter members held their annual banquet Monday night and presented awards. Here Tony Hardt, left, welcomes Burnis Lawrence, center standing, and Judge Sandusky, right standing, as honorary farmers in the chapter. Denneth Graeber, seated, gave the principal speech and issued an outstanding challenge to those present in meeting life today through hard work, integrity, faith in one's own self. Wayne Stein, chapter president, was awarded the DeKalb award. (Photo by Ted Mendoza)

Migrant training program planned

Plans for a Regional Migrant Manpower project that would provide training for job skills to migrants in Medina and Frio Counties were out-

lined at the last Medina County AACOG Committee meeting.

Project plans envision the blending of the resources pro-

vided by: Community Action Agencies, the Texas Employment Commission, the Texas Education Agency, school districts and Neighborhood Youth Corps, all under the direction and planning of the Alamo Area Council of Governments.

Included in the plans are an outreach station, with this tentatively planned for the St. John's Catholic Church in Hondo. From here the effort would be aided by TEC employability development, which would be followed by job conditioning and adult education. Next would come the various resources providing the skills, such as NYC, On-the-job-training work on jobs.

Then, hopefully, those in the program would be trained sufficiently in certain areas so they could enter the work force.

Total outlay of money proposed for Medina and Frio Counties is \$132,000. Broken down this would be: \$17,165 for staff costs, \$7,546 for operational costs, \$107,290 for trainee costs.

Clean Up Week Set

In keeping with "Keep Texas Beautiful Month" the Hondo Garden Club has designated May 1-6 as Spring Clean-up Week for our city.

"Vacation time is upon us. Friends and relatives will be visiting Hondo, tourists will be passing through and some will be staying over. Let's present to them a clean city," said Mrs. Jack Been. "Hondo is a lovely city but it will make a lasting impression only if it is a clean city."

Each place of business, each lot owner, each home owner or renter is urged to pick up litter or clear out any weeds on their premises.

City manager Fritz Leinweber has offered the city's cooperation during this project to encourage all residents to make the community effort a successful one.

Junior High Band, will be presented to the public on May 4 in the High School Gym.

Concert time will be 8 p.m., with cost being 50 cents for adults and 25 cents for children.

The Owl Band will include in its selections the three contest tunes that helped them receive the coveted Sweepstakes Award.

Besides the playing of music, the marching contest film will be shown and the John Philip Sousa Award will be presented to the outstanding high school student.

Republicans will vote at Courthouse May 6

Republicans voting in the May 6 Medina County Republican Primary will have one box in which to cast their ballots.

"We are consolidating all the boxes into one at the

Medina County Courthouse," said Bruce Foster, Republican County Chairman.

The Republican Precinct convention will be held in the Courthouse at 8 p.m. on May 6.

Hackbeil heads new authority

C. E. (Chuck) Hackbeil was elected chairman of the newly appointed Housing Authority of the City of Hondo at an organizational meeting on April 19.

Vice chairman for the group is Armando Dominguez, and Mrs. Juan (Fannie) Ybarra is the temporary secretary.

Other members are E. J.

Chapa and Burnis Lawrence.

The group adopted by-laws set the City Municipal building as Authority location until further notice and established the third Monday night of each month as regular meeting time, with the specific time being 6 p.m.

The Authority must now

wait 60 days from April 20 to sign an agreement with the City of Hondo before it can be permanently established.

After that time, it will begin contacting architects for the purpose of hiring a firm to assist in the many details of making housing available for those who need it.

The sign says it

Fritz Leinweber made this sign to point out where the Antique Auction is going to be for Museum Day. And it definitely does what it is designed to do in a big way. Fritz, who heads the Antique Auction, has issued an appeal for items to be sold on that day to raise money for the Museum. He says you can give old items of

furniture, farm implements, bottles, and many other items that you might find in a closet, an attic, a barn, a backyard. "Time is getting short and we are in dire need of more items," he said. Just call Fritz at 426-3378, Frank Graff at 426-2962, John Wentz at 426-2788 or the Anvil Herald at 426-3346.

Experience, training give Hitzfelder edge in race

The hue and cry of many candidates seeking to unseat incumbents in elected office is "We need a change."

That might hold true in many instances, but voters should never take that slogan as the only reason for voting to unseat any office holder.

Voters should examine the record of the incumbent. Has he performed his duties in the manner prescribed by that office? Does he have the experience to do the job? Does he have the training?

Only after close examination of all the facts should a voter cast his ballot. Voting for change alone is not the answer.

The Anvil Herald holds this to be true in the race for Sheriff of Medina County. We endorse Sheriff Charles J. Hitzfelder for re-election to the office and hold the opinion that we do not need a change for any reason, much less "for change sake alone."

Our endorsement is based on several facts. We feel that Sheriff Hitzfelder has the experience to maintain a good office. He has served as

sheriff for 19 years, chief deputy for seven years and with Department of Public Safety for two years.

Charles Hitzfelder has the training. He has many hundreds of hours of specialized training, enough in fact to have earned the advanced certificate given by the Texas Commission on Law Enforcement Officer Standards and Education. This is the highest step of certification. He has attended many special schools.

The Anvil Herald believes Charles J. Hitzfelder is a concerned lawman. He is interested in maintaining a clean county. He is interested in improving facilities such as communications so that he and other law enforcement officers can better perform their jobs.

We believe that Charles J. Hitzfelder is an honest man. And we discount any rumors that say otherwise.

We believe that our county law enforcement is as good as any county's and better than most. We believe Charles J. Hitzfelder will continue to keep it that way, that is why we endorse him for re-election.

Letters from the mailbox

Dear Mr. Lawrence:

This is the only place that might reach the human (if they can be called that) who is poisoning dogs in our neighborhood. Certainly, the one who is responsible has to be sick because no well person could do such a monstrous thing to a helpless animal. If they are not sick they must surely be the lowest kind of coward.

There is no one who would not make an effort to keep their pet from bothering anyone if they were told the dog was aggressive. Can't the dog poisoner ask before he stoops to such action? Most of the pets belong to some little child but I am sure this

doesn't bother the poisoner because the child could pick up the poison as well as the dog. In my case my little boy has had four dogs - all poisoned or run over. Only once did the driver of the car stop to say how sorry he was he cared. No one can help running over a dog that darts in front of a car, but, I cannot understand poison. I want only to ask that person if he or she has ever seen an animal suffer and die from poison. If not, I ask that they do so and maybe, just maybe, they will think a long time before poisoning an animal again.

Just recently I saw on TV where one of our hospitals for

disturbed children is using dogs with the children in an effort to get the children to relate to something living. They are having real success with this where the children have been treated so badly by human beings they cannot relate to them without prolonged therapy.

When a "human" can do such things to helpless animals I can see why some of our children are disturbed and why it takes a DOG to help them back to a normal life. A dog only asks for love and someone near us gives them only POISON.

Sincerely yours,
Mrs. Sam Moss

"Now, Maw are you gonna believe me, er them lyin' eyes of yours!"

Let's send John Poerner back to Austin in May

The selection of a man, or woman, to represent Medina County in the Texas Legislature becomes more important as each day passes.

Medina County voters want that person who will do the best possible job for them and at the same time consider what is good for the state as a whole.

In this year's race for State Representative District 45, the Anvil Herald believes Rep. John Poerner is that man.

Poerner has the experience. He has the know-how. He knows the people with whom he will have to work. He has had the opportunity over the past few years to study, first hand, the problems of his district and the state, and how to go about solving them. He has performed well.

John Poerner is a Medina County

man. This means he can be approached as a local friend when problems arise. He understands the problems of our County, for he has lived with them.

We have observed John Poerner and find that he listens. Certainly, he makes mistakes but, to err is human, a wise man once said. Yet, this does not prevent him from opening his door and offering to help again.

Medina County needs a Representative who is accessible, who understands Medina County problems, who has an ingrained interest in Medina County by virtue of birth and rearing.

The Anvil Herald believes that Rep. John Poerner will give Medina County and the State of Texas the kind of representation they deserve. John Poerner will get our vote May 6.

The recommendation of

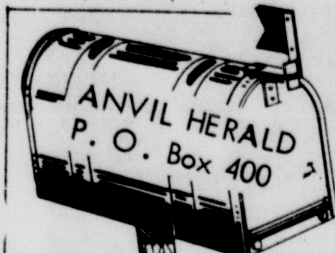

the student's Principal or Counselor will be required. Age limit is 14-18 inclusive.

Local families wishing to host a foreign student next September may also contact the Western office of International Fellowship, Inc.

Here in Hondo

Letters from the mailbox

Dear Mr. Lawrence:

At the last Hondo City Council meeting, Chief of Police Williamson suggested that Ave Q be made a one-way street going from North to South in front of Meyer and McDowell Schools.

Williamson's study of traffic patterns showed dangerous conditions exist when reasons cited for the traffic tie-up was that teachers park along Q Street in front of Meyer Street.

I agreed with the one-way street idea at that time. However, on 4-19-72 at 10:15 a. m., I counted 9 teacher's cars parked along Q Street in front of Meyer School, and at the same time I counted 9 empty parking spaces in the Meyer parking lot. I now feel that before drastic changes in flow of traffic are made, the teachers should try using their own parking lot. After evaluating whether this simple measure is effective in reducing hazards, then we can decide if we truly need to resort to making it one-way.

Dear Mr. Lawrence,

The Hondo Young Homemakers are very grateful for the excellent publicity you

Dear Mr. Lawrence:

The Hondo Public Library Board of Directors, the Librarian and other members of the staff, who are very proud of the Library, wish to express our appreciation to you and the staff of The Hondo Anvil Herald for the excellent articles and publicity you have given The Hondo Public Library.

The publicity which you gave the Library in the issue of the Hondo Anvil Herald of April 13, 1972 informing the public of the Open House on April 17, and inviting them to participate in National Library Week (April 16-22nd), certainly have proven successful in bringing in the public to enjoy their Library.

Sincerely,

cratic May 6 Primary ballot. When the final tally is in on this one, I think a lot of people in Texas will be surprised the way their vote is counted.

But to eliminate the confusion in Medina County: If you are against busing, vote for the referendum. Or if you are for busing, vote against the referendum.

No matter how you vote, this head count is just that—a head count. It is not binding on anyone, although it might provide the Legislature with a base from which to launch proposed amendment.

EUGENE WEBER

. . . and his wife, both of whom most recently listed Luxemburg as their place of residence, were in Hondo Monday. They stopped by the Chamber of Commerce and the newspaper office, and in both places were talking about how they want to live in Hondo. They like it here.

We hope they do come to live here. If they do they will be joining others who have been conquered by the hospitality of the town and its people.

Just recently a New York man and his son came through Hondo. They stopped by the city office and Fritz Leinweber and Harry Filleman treated them to a cup of coffee. Since that time the man has mailed Filleman material on several towns along his journey through the Western states.

Another couple wrote this: "Dear Sir, wish to thank you for your hospitality while we were in your city.

"We stayed at the Whitetail Lodge and it was the best for being quiet of all the motels we were in including Florida.

"Yours is friendly city. George and Harriet Wood."

These are tourists. They are visitors. So you can see we have the basic ingredient for a successful tourism push—friendliness. Let's keep it up and expand it.

And on May 6 let's put on our biggest, brightest smile and give a friendly greeting to all the visitors who attend Museum Celebration Day.

They just might want to come back for another visit or to live here.

School transfers a 'must' by June 1

AUSTIN--Parents who wish to transfer children from their home school to a nearby district for the 1972-73 academic year must submit their requests to the receiving school district by June 1, 1972, according to an announcement from the Texas Education Agency.

Once approved by the receiving school board of trustees, the request must then be cleared by the Texas Education Agency. This state approval is a requirement of the order issued by the U. S. District Court in Tyler.

The order, related to the desegregation of schools in Texas, states in part that the Texas Education Agency "shall not permit, make arrangements for or give support of any kind to student transfers, between school districts, when the cumulative effect in either the sending or receiving school or school districts will be to reduce or impede desegregation, or to reinforce, renew, or encourage the continuation of acts and practices resulting in discriminatory treatment of students on the grounds of race, color, or national origin."

Only hardship cases will be considered for transfer approval after June 1, according to Leon R. Graham, Texas Education Agency assistant commissioner for administration. Any late application must state specifically the exact nature of the hardship and why the application was not filed with the receiving school by the June 1 deadline.

"We expect to approve few late transfer requests and those must definitely be hardship cases," Graham added.

Miss Kathy Lynne Morawietz became the bride of Glenn William Keller Jr. on Saturday evening, April 8, at St. Louis Catholic Church, Castroville. Father Larry Stuebben was celebrant of the Nuptial Mass and performed the double-ring ceremony. The bride is the daughter of Mr. and Mrs. Alois Morawietz, Castroville. The bridegroom's parents are Mr. and Mrs. Glenn Keller, Rio Medina.

Feathered flowers of green and yellow, the bride's chosen colors, decorated the altar, and baskets of large yellow and white daisies with greenery were placed in the sanctuary of the church.

Organist Mrs. Alice Ahl provided the traditional wedding music. During the mass Misses Ann Stein, Teresa

Tschirhart, Laurie Rilin, Susan Ducos and Linda Burell sang several selections accompanied by Miss Burell on the guitar. Acolytes were Scott Stein and Louis Kempf. Both the bride and bridegroom were escorted down the aisle and given in marriage by their parents.

The bride was radiant in a gown fashioned of white silk organza and lace over taffeta designed with Sabrina neckline, fitted bodice and long full sleeves with wide cuffs edged in scalloped lace. Lace scallops outlined the neckline, entire hemline and full train. The front panel of the gown was accented by tiers of lace at the sides which extended into a flowing chapel train. Her elbow-length veil of silk illusion cascaded from a crown of

daisies. White daisies and satin streamers formed her bridal bouquet.

Miss Donna Morawietz was her sister's maid of honor. Another sister, Mrs. Robert Stanush, was matron of honor. Bridesmaids were Misses Barbara Debner, JoAnn Bendele, Vikki McAnelly, Mrs. Douglas Morawietz and Mrs. Jimmy Crouell, sister of the bride. Cynthia Keller was flower girl.

All wore identical floor-length gowns of spring green crepe featuring a scooped neckline and short puffed sleeves. Yellow and white daisy trim accented the empire waists. They wore yellow shoes. Fresh yellow daisies were worn in their hair. They carried nosegays of yellow and white daisies with yellow satin streamers.

Terry Keller, brother of the bridegroom, was best man. Groomsmen were Walter A. Stein, Gary Boelme, Mike Melton, Roger Boehme, Mike Nickel and Jerome Bourquin. Leroy Crouell was ring bearer. Ushers were Julius Stein, Clyde Tschirhart, James Stein and Douglas Morawietz, brother of the bride.

For her daughter's wedding, Mrs. Morawietz wore a yellow crepe jumpsuit with a yellow and white floor-length coat of lace. Mrs. Keller chose a light green silk dress with attached lace jacket trimmed with sequins and beads. Both wore gold accessories and corsages of yellow daisies.

A reception given by the parents of the couple was held at Koenig Park Hall, where over 1000 guests registered in the bride's book presided over by Mrs. Clyde Tschirhart, sister of the bride. A catered barbequed beef supper was served followed by a dance. Serving the cakes were Miss Janice Bendele and Mrs. Mike Taylor. Misses Donna Salzmann and Julie Schneider were in charge of the gifts.

After a short trip to Corpus Christi, Mr. and Mrs. G.W. Keller Jr. are now residing in Castroville.

Out-of-town wedding guests came from Harker Heights, Austin, Dallas, Cuero, Beeville, Uvalde, Falls City and San Antonio. Prior to the wedding, the couple's parents hosted a rehearsal supper for the entire bridal party at Cora's Place, Castroville.

Miss Margaret Riff, sister of the honoree presided at the guest book, which was a gift

to the engaged couple from Miss Kay Van Hardeveld.

A white cake, decorated with pink rosebuds and rose-colored ribbons, nuts, punch, and pink and rose mints were refreshments served to the guests by Mrs. Cheryl Wilcut, and Misses Ann Gay Jones, Dancy Menk, and Kay Van Hardeveld. Miss Cindy Weber was in charge of gifts.

The hostess table, covered with a white cloth was accented by an arrangement of pink and white flowers which was also a gift to the Miss Riff. The hostesses' gifts included a stainless steel mixer and the serving pieces to the honoree's stainless flatware.

This week

That's all she wrote

by Edna McDade

This week: Magnolias, honeysuckle, retama, roses, pinks, hysache... smell their fragrance-- You'll like it! Inhale, it's good for you!

Bragging is standard equipment for most devoted grandparents... and breathes there a one with soul so dead who never to him/herself hath said, "Now my grandchild is..."

JEAN and JACQUE ULBRICH are no exceptions. Their little Joanna Jean, 3½-year old daughter of RON and LINDA ULBRICH, is one of those "living dolls". Her picture, as a model in the Louisiana Cosmetology Association's annual charity fashion show, held in Hammond, La. March 1, appeared on Page 1, if you please, of that city's weekly paper The Sun.

JOANNA modeled a blue ruffled creation, with a matching bow atop her dark curls, and she wore all the accessories the occasion warranted. Her smile and style might make some future Miss America look to her laurels!

Know what an "Alms Box" is? The most recent example of such is the original creation of JUDY and THEO LORFING of Kingsville. Judy is the daughter of EDNA (Mrs. Emmett) NESTER.

Judy put her creative talent and imagination to work and designed a box bag whose originality and convenience is finding ready sale among style-conscious women. Theo does the shop work.

"Alms Box" was chosen as a trade name because the Lorfings are tithers in their church and set aside 10% of their sales "for the Lord's work."

Judy wrote her mother that she intends to display the bags, for sale, in the Arts and Crafts shop on Museum Day. Go early if you are in the market for one. Another thing--the Lorfings will donate one bag to the Museum Auction and some lucky high bidder will be pleased with her buy. Better speak up!

A man to look for when Hondo needs an ambassador of good will and genial gladhander some two decades from now is KEVIN, 2½-year old son of RICHARD and GALE ROHRBACH. His older brother, KENNY, (now 4½) might also be a candidate for the title.

Kevin is alert to passing traffic from the vantage point of the front porch or the safety of the front lawn. He will pause in the daily "mowing" of the lawn with a mini-mower or drop whatever toy he is holding to wave a cordial and lusty Hi--bye to all passers-by. Gives the trip to town a special lift for me.

At the spring district meeting of the Womens' Societies of Christian Service and the Wesleyan Service Guilds at Mr. Wesley, Kerrville, Sunday, CAROLYN (Mrs. Earnest) MUENNINK presided for the first time as District Chairman.

She did a fine job too, according to the Hondo Guilders who accompanied her.

When you understand how it happened, it's no wonder Hondo's participation in Texas Industrial Week was such a success. It was none other than Perander, one of the Seven Wise Men of Greece, (625-585 B.C.) who said, "Nothing is impossible to industry."

I found his prescient statement in Edison's Encyclopedia, published circa 1890, and now among the growing collection of old books contributed to our Medina County Museum. The little paperback volume is battered and torn, some pages are missing but it is full of interest for curious readers such as this one.

Recently the ANVIL HERALD and many other Texas newspapers carried a story about the TEXAS DEPT. of AGRICULTURE's offer of a Weights & Measures publication, free on request.

Always on the lookout for any reference material that will keep my "quiescent" from being caught up with, I mailed a request and promptly received a copy along with a gracious letter from TDA Commissioner John G. White.

Moreover, the letterhead carried this bit of information to help keep Texans aware of how our state ranks among the other 49 in many agricultural products. Cotton is one of the 17 in which we lead and this is what the TDA letterhead noted: "This paper is made from COTTON, a principal crop of Texas."

In Les Miserables, Victor Hugo said "...take away 'cotton is king' and what is left of America?" Well, in TEXAS, TDA letterheads and pride in our products for one thing!

Reynolds-Stevens rites recited in Natalia

Broom Corn tonnage short

George Koch, quoted in the Broom Corn News this week, reports this area to be dry, hot, but with broom corn making progress despite the unfavorable conditions.

Koch said "Moisture will not hold out much longer without rain. I am not expecting very much tonnage this year in the Hondo-Yancy district. Around 1200 acres planted might yield around 300 tons here."

Present program

Patsy Kincaid, home economist, and Fred Halpin, marketing specialist for the Texas Department of Agriculture, presented a program on Texas Agricultural Products Tuesday night at a joint meeting of the Hondo Young Farmers and Young Homemakers at the Hondo High School home economics building. Alvin Santleben Asks For Voters Support

Alvin C. Santleben of LaCoste is a very serious and devoted candidate for the office of Sheriff of Medina County.

His candidacy is subject to the May 6 Democratic Primary, and he sincerely asks for your vote.

Understanding the need, plus a sincere and deep personal desire to give the citizens of our county an effective and improved law enforcement, and in response to the encouragement of many personal friends and concerned citizens of the entire county are some of the reasons Santleben is seeking the office of Sheriff of Medina County.

Sincere and honest law enforcement demands that a person be dedicated to upholding the community, state and Federal laws, and without these attributes, law enforcement becomes meaningless. Many of the citizens of our county know me personally and are aware of the impartial, diligent and non-discriminatory manner in which I have faithfully fulfilled the office of constable, Precinct No. 8, Medina County, for the past 11 years as a fully qualified officer of the State of Texas.

Those that do not know me personally are urged to talk to the citizens of this county that are aware of the manner in which I have performed the duties of a law enforcement officer over the past 11 years. I look forward to continuing to make personal contact with as many of you as is humanly possible right on up until the day of the primary, Saturday, May 6. I welcome the opportunity to discuss the problems of Medina County with you.

It is my sincere and deepest desire to provide the citizens of our county with a sheriff that will give personal attention to all complaints, grievances and violations that occur in our county, and to provide you with complete, impartial and thorough investigation into all criminal complaints.

Alvin Santleben is a native of Medina County, the son of the late Mr. and Mrs. William C. Santleben of LaCoste. He has been married to the former Carmen Tondre of Castroville for the past 24 years. They have 4 children, Al Sant-

His formal training as a police officer consists of more than 20 police courses in burglary, robbery, search and seizure, firearms training, report writing, techniques of interrogation, preservation of evidence, crime scene search, surveillance, fingerprinting, theft and numerous other related police subjects.

Just Who Does Poerner Represent?

DALLAS (UP) -- Speaker Gus Mutscher made a flight from Austin to Uvalde last year on a plane leased by National Bankers Life Insurance Company, the Dallas Times Herald said today.

Records of the insurance company in Dallas show that a twin-engine Lockheed Ventura was leased by NBL Jan. 8, 1970, from Sparlinco Inc. of Dallas. Sparlinco billed NBL for a trip from Dallas to Austin to Hondo to Uvalde and return--a total of 770 miles at \$1 per mile and attributed the flight to "John Osorio (Gus Mutscher)."

The \$770 billing was one of 10 NBL flights on Sparlinco planes by the company president, John Osorio, which totaled \$8,538.50 and were paid by NBL Sept. 23, 1970, the Times Herald said.

The plane picked up Mutscher and his party in Austin and flew to Hondo to pick up Rep. John Poerner. Osorio was not aboard the plane, the newspaper said.

The plane then took Poerner and the Austin group to Uvalde for an appreciation dinner for the Hondo House member at the Uvalde Civic Center. At that affair Poerner announced he would file for re-election in the Democratic primary.

Poerner had won a special election the year before as an independent, but with the strong backing of the state Republican party which claimed him as one of theirs. Mutscher was instrumental in persuading Poerner to run as a Democrat and the Hondo lawmaker was one of the speaker's strongest backers during the session this year.

THIS MAN WANTS TO DO MORE

Honore Ligarde has been a State Representative for over 10 years. As a lawyer, banker, and legislator, he has dealt effectively with the problems of South Texans--farmers, businessmen, ranchers, students--a lot of people.

The reward of being a State Representative has been seeing legislation passed that Ligarde has believed in.

Ligarde said, "I have been asked why I would want to leave the House of Representatives for a Senate seat. My answer is simply that I see a greater opportunity to be effective in an area of legislation that affects a larger number of persons--in the 21st district and the state as a whole. We have come to realize that the regional approach is a more practical one, and this applies to legislation, too."

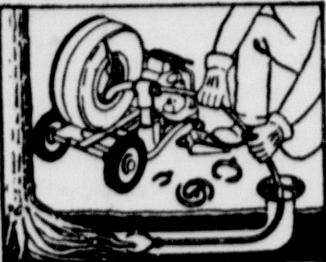

The problems of the 21st district are those that Honore Ligarde has worked to solve in his 59th district. Problems in education, job opportunities, and legislative and constitutional reform. Honore Ligarde understands these problems and can relate to them. He has an open mind, and the ability to reconcile differences.

We need men like Ligarde in state government . . . where it counts.

Farmers and Ranchers determine environment

Texas farmers and ranchers are the real custodians of our wealth of natural resources. How they use these resources, and the leadership and opportunities offered them, will determine the future of our environment, Agriculture

Commissioner John C. White said recently.

"A quality environment—clean air, pure water and good land—should be our number one commitment in Texas," Commissioner White declared. "The Texas Department of Agriculture is working on this commitment through its Environmental Sciences Division."

White noted that farmers and ranchers were the original environmentalists, "before most people knew what it meant." They are also the main support of our state economy which is still largely dependent upon agriculture, despite our rapid urbanization, he said.

Good soil practices, water conservation, pasture control and forest preservation have become a standard practice of our rural people, Commissioner White said.

However, industrial development, automobiles and city sanitation practices pose a grave threat to the environment that rural people are striving to preserve.

"It takes a concentrated effort by farm and city people alike, to keep nature in balance," said White. Programs to achieve this balance are a major thrust of the Texas Department of Agriculture.

Among the many projects underway, Commissioner White's department takes monthly samples of Texas rivers and streams to test water purity. Unusual fluctuations from month to month are traced to its source and referred to the state or federal agency with proper authority.

"A big problem in control is the lack of adequate legislation to meet all our pollution problems," White noted.

"This must be a major problem to be attacked by our Texas Legislature."

Hondo Fire Dept. receives check

The Hondo Volunteer Fire Department received a check for \$75 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of Robert D. Burden of Yancey Route, Hondo.

The money will be used for their loss prevention program.

The Texas Farm Bureau Insurance Companies pay volunteer fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The Insurance Company believes volunteer fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires. It is their hope this money will help the Hondo Volunteer Fire Department in their program.

Social Security Questions & Answers

QUESTION: What age proof should I bring with me when I apply for social security benefits?

ANSWER: Bring your birth or baptismal record that was recorded before age five. If one is available. If not, bring the oldest proof that you have, such as a school record, old insurance policy, or the birth certificate of a child that shows your age. Several of these records, taken together, are very helpful in establishing your date of birth.

"No, I don't support a state income tax. There are too many ways to save money in government available to us. We can get more for our money than we're getting now, and do more with the tax dollar than we're doing now, so it's not necessary to place additional tax burdens on our people yet. We just have to stop the waste."

FFA teams in state contests

Two teams from Hondo Chapter FFA qualified for state judging this year. The range-judging and poultry judging teams will pit their skills against other competing teams this Saturday, Apr. 29, at Texas A&M University.

Range team members are Bobby Cox, Gene McAnelly, Gary Saathoff and Glenn Sturm. On the poultry team

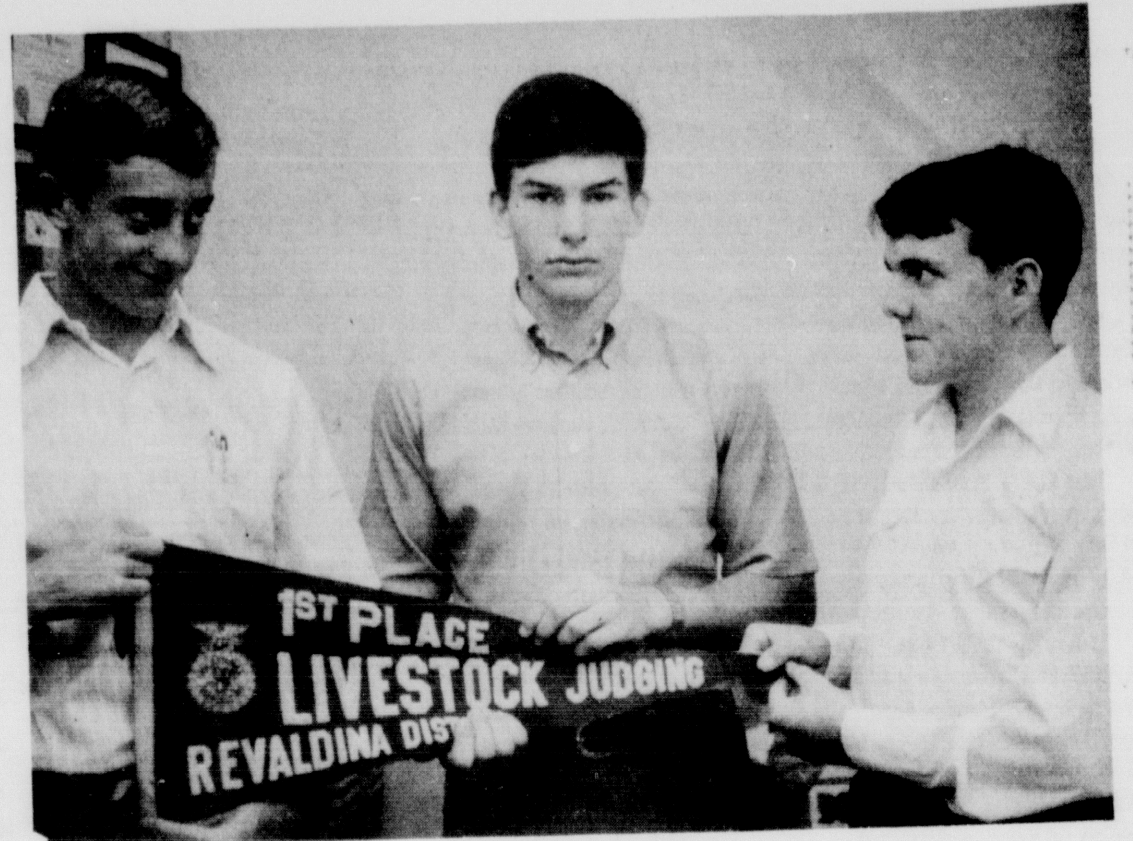

are Jimmy Jordan, Steve Hannemann and Bobby Tschirhart.

"Only the top five placing teams in state pasture judging will be eligible for National competition to be held in Oklahoma later this year," said John McAnelly, head of the Hondo High School Vo-Ag department.

Best in poultry judging

Taking a first place always brings a certain amount of pride. And these Future Farmers of America members of the Hondo

chapter did just as Poultry Judging team. They are left to right: Koby Sandusky, Bobby Tschirhart, Jim Jordan and Steve Hannemann.

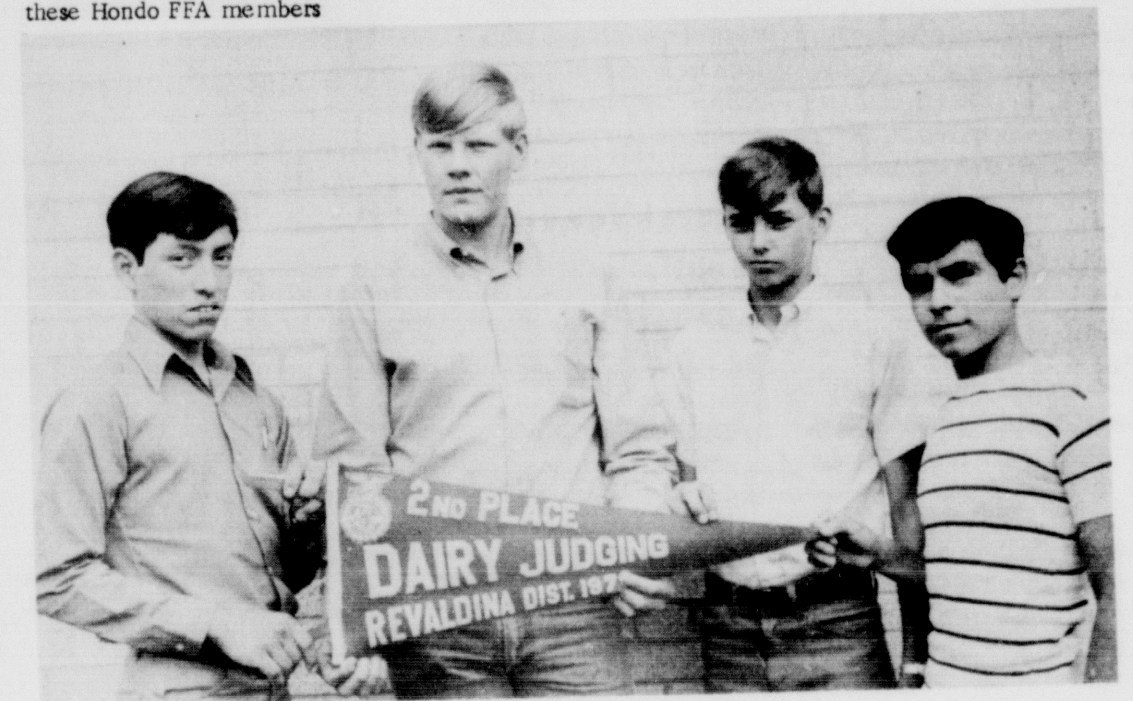

It's hard to smile

Even when you win a first place banner it's hard to smile sometimes. However, these Hondo FFA members

managed a big one, just after the camera snapped. Winning first place in livestock

judging are, left to right: Kenny Weynand, Pat Stein and Louis Schmidt.

Just under first

Second place is never a bad place to wind up; it means only one other team moved

higher. Second place in Dairy Judging went to the Hondo FFA members, left to

right: David DeLeon, Jimmy Murren, Frank Haby and Armando Frausto.

Hondo FFA Teams win Sweepstakes

A Revaldina District Sweepstakes Banner was the award won by Hondo Chapter FFA boys in the livestock, poultry and dairy judging contests held last Tuesday in Uvalde.

SETJC, Uvalde, was host to the Revaldina and Winter Garden FFA Districts. Some 20 teams entered the competition in each of the three events.

Hondo Chapter placed first in Livestock, first in Poultry,

and second in Dairy Judging. Four boys entered the judging and the three high scores counted for team scores.

The Sweepstakes Award points are based on values of 5 points for first place; four points for second place; three for third; two for fourth and one for fifth place.

The Poultry, Livestock and Dairy Teams entered the corresponding judging contests held at Texas A&M University on April 15.

The Poultry Team qualified for State judging competition by placing 8th in the Area contest, only 45 points below top.

The Livestock Team placed 13th and the Dairy Team placed 22nd.

The Hondo boys were accompanied to the Area VII contests by J. D. Schmidt, vo-ag instructor at HHS, Bobby Bone and Bobby Shepherd, both student teachers.

The Best Deal in Texas

Baseball action set here on Friday night

Hondo's Owls scored two baseball wins this week and upped their season record to 8-5 with a 5-3 district mark. The Owls beat Southwest 8-2 Tuesday reversing a pre-

vious 14-12 loss to the Dragons. Robert Blackshear picked up the win for Hondo striking out .0 and walking five. Ben Ybarra and Tom Hill led the Owls at the plate. Hill singl-

ed three times and Ybarra drove in three runs with a triple.

Thursday the Owls posted a non-district 8-0 win over D'Hanis on the local diamond behind the three-hit pitching of Steve Overman. Spencer Burrell absorbed the loss for D'Hanis. Kurt Leinweber lead the Owl attack with two hits.

The double win gives Hondo a four game winning streak. Hondo's next game will be Friday against Medina Valley on the Hondo diamond at 7:30 p.m. In their first meeting, the Panthers scored a 9-3 win.

Uvalde to host 4-H District Contests

Approximately 400 boys and girls from 18 counties are expected to participate in the first District 13 4-H Contests to be held at Southwest Texas Junior College on Saturday, April 29, according to Doyle Moore and Mrs. Gloria Schwarzlose, District Agents with headquarters in Uvalde.

The 4-H members, all winners in county wide contests, will be competing for the privilege to represent District 13 at State 4-H Roundup scheduled for June 5-7 at Texas A&M University, College Station.

Members of the two highest placing senior teams of each of the more than 25 contests and demonstrations will qualify to compete at Roundup. Winners of the District Food Show, Livestock, Dairy, Poultry and Horse Judging Contests, were selected earlier and will also participate in Roundup activities.

District 13 contests, which will be held for both junior and senior participants, will begin with an assembly at 9:00 a.m. in LaForge Hall.

Contests will include individual and team demonstrations in agriculture and home economics subject matter, rifle, safety, electric and public speaking.

Assisting with the contest program will be Extension agents, 4-H adult Leaders, local resource people and the District 13 4-H Council members.

The Medina County 4-H Roundup was held Thursday, April 13, in the Hondo High School.

The following teams and individuals will represent Medina County in the contests.

Connally visits Hondo

Senator Wayne Connally, now seeking the seat of Lieutenant Governor, brought his campaign to Hondo last week when he dropped in at City Hall. He landed his helicopter in the City Hall parking lot and visited with local citizens. Here he chats with Fritz Leinweber, August Timmermann, Mayor George Brucks and County Judge Jerome Decker.

Baseball standings same

There was no change in the District 28-2A baseball race after action Tuesday. Both district-leading Devine and second-place Medina Valley captured district wins.

Devine scored five runs in the first three innings and coasted to a 7-0 win over Poteet. Bill Dennis pitched and batted the Warhorses to victory. Dennis struck out 18, allowed only two hits and hit a home run in pacing the Devine win.

Medina Valley erupted for 12 runs in the fourth and fifth inning, rolling to an easy 13-4 win over the Southwest Dragons. Wayne Iltis belted a solo home run for the winners.

The Panthers travel to Hondo Friday night to face the Owls at 7:30, on the local diamond.

In "B" squad action Tuesday, the Junior Panthers shut-out the Junior Owls 7-0. The Varsity team had the day off Tuesday.

Don't buy us because we're number one.

Buy us for the reasons that make us number one.

Anybody can make a truck small. That's not the problem. The secret is building a truck that's just exactly small enough. Big enough to do the job, and then some. Small enough to do it economically. That's what's made the Datsun L11 Hustler America's number one selling small truck. For eleven years, we've been learning about exactly what America wants in a

small truck. And we've been delivering it. The Datsun L11 Hustler has an overhead cam engine powerful enough for highway speeds and back road hauling. Small enough for maximum economy. The big six foot all steel load bed is just the right size for 9 out of 10 truck owners. The 1,440 pound gross load capacity is perfect for almost everyone's

needs, from recreation to heavy labor. What's more, we back up the L11 Hustler with a nationwide computerized parts distribution system and a factory-trained service staff.

Is it any wonder Datsun is America's number one selling small truck?

ANVIL HERALD

16th St. & Avenue K, Hondo, Texas

When the Hondo Bowling Association Championship Tournament hit the lanes the weekends of April 8-9 and 15-16, the bowling was fast and furious.

In the team event Pearl nosed out the USAF team by a slim margin of nine pins for a total of 2911 to 2902.

Other team scores were Strike-out 2834, Falstaff 2818 and Schlitz 2814.

Doubles title was taken by Pat O'Hara and Bobby Britsch with a score of 1198.

Second and third places were tied with Roger Carlton and Leroy Manis and Ricky Rohrbach and Pete Powell just two pins off with a pair of 1196's.

Other winning teams were Marvin Beyer and David Cuellar with 1169, and Steve Lopez and George Fernandez with 1157.

Singles was close all the way with Leroy Manis hitting a 667 to take first over Jerry Kempf who had a 662. Others in the scoring were Albert Guidry 640, Ed Garrison 629 and Steve Lopez 627.

All Events competition ended with Steve Lopez 1847, Leroy Manis 1789, Pete Powell 1759 and Ricky Rohrbach 1757. All scores have handicaps added.

Scratch winner of all Events was Steve Lopez with a pin fall of 1586.

Trophies and award checks will be given out at the Association annual meeting scheduled for 7:30 p.m., Wednesday, May 17 at Bob's Bowling Lanes.

Gun Club meets Monday

The Medina County Gun Club will meet in the Hondo National Guard Armory on Monday, May 1, at 7:00.

Business to be discussed will include forming of a Junior Rifle Club; construction of an indoor small bore range and acquiring land for a 300-yard big bore range.

The Medina County Gun Club is open to any one interested in guns and shooting.

TO THE VOTERS OF PRECINCT NO. 1

HONDO April 26, 1972

Law enforcement in Hondo and vicinity is carried out by four Hondo City Policemen, one Watchman, and three to four members of the Sheriff's Department.

For years, the duties of your Constable, Precinct No. 1, have been limited to the service of civil process and the paperwork connected therewith.

The Constable's salary is \$20.00 per month, which adequately covers filing fees, deductions, and other expenses.

I would most respectfully submit that this arrangement is in the best interest of the people of this Precinct. We ordinarily do not need a third police department, but we do need someone to stay at the courthouse, post the notices, make the returns, and do the routine clerical work while the other officers are trying to catch the thieves and protect the public.

It is on this basis that I offer myself for re-election. I have no intention of carrying a gun, but I have every intention of doing a useful, sound, and economical job of taking care of the routine notices that the other officers have little time for.

Very truly,
Mary E. Hise

Voting law now changed

The decision of the United States Supreme Court in DUNN v. BLUMSTEIN has invalidated state laws which require more than 30 days residency in the state or locality in order to be eligible to vote.

The Texas law has not been enjoined by a federal court in the case of WHITLEY v. BULLOCK which was decided on March 31, 1972.

Persons who have resided in the state and locality of 30 days and have been registered for 30 days prior to the election in which they wish to vote are now eligible to vote in state and local elections. Persons entering the state may register to vote immediately upon their arrival.

Here in Hondo

Mr. and Mrs. Ronald Bacon returned home on Sunday after spending a week's vacation at Medina Lake with his parents, Mr. and Mrs. George Bacon and at Angleton with Mrs. Bacon's parents Mr. and Mrs. Sam Lanham.

More auction items

You can't go wrong by being at the Museum Celebration Day Antique and Collectors Auction on May 6. These are just a few of the many items that will go to the highest bidders. Frank Helvey of Hondo and Bill Foster of Devine will kick the auction off at 1 p.m. at the Museum.

Be there. OH, YES, LOCAL RESIDENTS can help make this event more successful by donating items for auction. Call: Fritz Leinweber 426-3378, Frank Graff 426-2962, John Wentz 426-2788, or the Anvil Herald 426-3346. (Photo by Tony Mendoza)

Among first classmen who will soon be graduating from the U. S. Naval Academy are two from this area. An illustrated story about the group appeared in the San Antonio Sunday Light's South Texas Today magazine Section April 16.

First classman Richard G. Been is the son of Mr. and Mrs. Autry Been of Hondo. He commanded a 600-man battalion at the Academy this spring. He was also an offensive tackle on the varsity football team.

First classman Blake R. Stephens is the son of former Hondoans Mr. and Mrs. Jesse L. Stephens of San Antonio and the grandson of Mr. and Mrs. Hugo Schweers of Hondo. His mother is the former Zelda Schweers.

Wow!

It looks like a mess here, but at the Museum Celebration Day Antique and Collectors Auction on May 6 this bunch of items will be the delight of some bidder. It will all go on the block at 1 p. m.

under the auctioneer gavel of Frank Helvey of Hondo and Bill Foster of Devine. AND THEY CAN SELL MORE if you want to dig in the attic, yard, barn or other collection points and donate items for

the benefit of the Museum. You become a participant by calling: Fritz Leinweber 426-3378, Frank Graff 426-2962, John Wentz 426-2788 or the Anvil Herald 426-3346. (Photo by Tony Mendoza)

SCS to sponsor Sonora Ag Tour

The Medina Valley Soil and Water Conservation District will sponsor tour of the Texas Agricultural Experiment Station at Sonora, on May 9.

Highlight of the tour will be a look at the results of a 4-pasture deferred rotation system of livestock grazing which was started in 1948. Three pastures are grazed while the 4th pasture is rested. Livestock are moved from one pasture to the deferred pasture every 4 months. This results in each pasture being grazed 12 months and deferred 4 months.

Forage production, livestock gains and wildlife

habitat have all increased under this system of grazing.

Results of grazing different classes of livestock at various intensities will also be seen on the Experiment Station.

Records show that net income from rangeland can be

increased \$1.58 per acre per year by the use of a deferred rotation grazing system, at a moderate stocking rate, over continuous grazing at a heavy stocking rate.

Results of such recommended grazing will also be shown at the Experiment Station.

Here in Hondo

Mrs. Armin Rothe accompanied Mrs. Mark Russell and daughter, Wilma, of SA to Uvalde Saturday where they attended a luncheon in The Country Club. The courtesy was a surprise for a former neighbor, Mrs. W. J. Swearing

gen, who was having her 94th birthday.

Mr. and Mrs. Buddy (Flor-ene) Hartman of Helotes were guests last week of Mrs. Hartman's mother, Mrs. Myrtle Williams.

This is one of the Texas courthouses, a disappearing breed. On the average, two burn or are torn down each year.
